## **Natural Harmony**

The Byrds

Fallin' free, me and you
Happenin' so graciously
You can't hurry natural harmony

Feel so free, wider than me Seems just like the day of birth Our first awakening to this earth

Dancing through the streets side by side Head thrown back, arms open wide

Going home, almost gone
Merging with a grain of sand
Try hard to catch us if you can

Dancing through the streets side by side Head thrown back, arms open wide
