I Am Who I Am

The Cab

(I-i am who I-i am)
I write songs
Not my wrongs
You can see by me
But don't consider me gone
'Cause I'll stay where I stand
You're like an hourglass
That needs more sand

How can I trust anyone else
When I can barely trust myself?
I write songs, baby
Not my wrongs, baby
I win, you lose
Same song, baby

I am who I am
You know I'll bend the truth
I'll break it, too
And I am who I am
You know I care for you
But not enough to let you go
(Go, go, go, go, go, go)
But not enough to let you go
(Go, go, go, go, go, go)
But not enough to let you go

(I-i am who I-i am)
I confess all the rest
Caused a wreck in my chest
Made a mess
You've hit, crashed
Now he's back
But if you want me
You can only have half

How can I love anyone else
When I can barely love myself?
I write songs, baby
Not my wrongs, baby
I win, you lose
Same song, baby

I am who I am
You know I'll bend the truth
I'll break it, too
(You know)
And I am who I am
You know I care for you
But not enough to let you go
(Go, go, go, go, go, go)
But not enough to let you go
(Go, go, go, go, go, go)
But not enough to let you go
Oooh yeah

Come on, let's go

Yeah, yeah, yeah
The Cab.. uh.. and.. Eloquent.

Bringing the house down let's drive 'em crazy
Over the top, rock the hands up baby
Full of aggression and the tension lately
I'm rolling with The Cab that's money...pay me
Lately, it's been pretty hard to hang,
'Cause we go back and forth like a boomerang
I'm saying
I don't know how well you'll take this,
Secrets won't leak like what happens In Vegas,
Face it
You're the one that starts the fights,
Screaming loud until your face turn red like brake lights
Balancing the scale on the wrong and rights,
But you the first one I call on my lonely nights
And maybe, baby, this ain't fair,
I'm Eloquent and I ain't going nowhere,
This love affair got plenty of flaws,
But I'm never gonna cha-cha-change because...

I am who I am
(Yeah, yeah)
You know I'll bend the truth
I'll break it, too
(Come on)
And I am who I am
You know I care for you
But not enough to let you go
(Go, go, go, go, go, go)
But not enough to let you go
(Go, go, go, go, go, go)
But not enough to let you go
