

Everything You Say

The Cars

They can't stop you in the night
twirling wildly in the light
but I know honey it won't take long
feels like it's one on one on one
there must have been a dream in you
stick and fall and follow through
but I know honey it won't take long
feels like it's much too strong too strong
but then you tell me that you can't go on
and you think you're losing sight
don't you worry
you can't go wrong inside
everything you say
leaves me full of shine
everything you say
crosses up my mind
that's everything you say
you could twist a little while
lie there fallin for a smile
but I know honey you won't give in
feels like when you begin you're in
then you tell me that you can't resist
something happens that you like
you want to know
that you've been kissed goodnight
when you know it's not for real
I know honey for one long time
it feels like you're endlessly entwined
but I know it's what you did
you can't be in a broken binge
take my heart is only tin
