

Swoon

The Chemical Brothers

Just remember to fall in love
There's nothing else
There's nothing else
Just remember to fall in love
There's nothing else
There's nothing else
Just remember to fall in love
There's nothing else
There's nothing else
Just remember to fall in love
There's nothing else
There's nothing else
Just remember to fall in love
There's nothing else
There's nothing else
Just remember to fall in love
There's nothing else
There's nothing else
Just remember to fall in love
There's nothing else
There's nothing else
Just remember to fall in love
There's nothing else
There's nothing else
Just remember to fall in love
There's nothing else
There's nothing else

There's nothing else
There's nothing else
There's nothing else
There's nothing else
There's nothing else
There's nothing else
There's nothing else
There's nothing else
