

# We Need Order

The Chi-Lites

The world today is in so many pieces  
People searching for so many ways  
Of releasing their disappointments and fears  
So, come on with the pills and the tears

We need order, we need order  
Yeah, hey, we need order  
We need order, hey, hey

Oh, the flowers and the trees  
Those that are left are so very beautiful  
Oh, the birds and the bees  
Have been forgotten, almost a used to be

Man is tempted to take  
If not for himself then for his children  
But, they can't help themselves  
But rely on a prayer and a little religion

We're hung up on the knowledge of war  
Something, that most of us have never seen  
But, how sweet it would be to wake up in the morning  
And find it was all a dream

We need order, we need order  
Hey, hey, we need order  
We need order, hey, hey  
We need order, hey

Oh, the flowers and the trees  
Those that are left are so very beautiful  
Oh, the birds and the bees  
Have been forgotten, almost a used to be
