The Click Five

Black boots  
Black boots  
Black boots on

So you got my number  
Flash that smile at me  
You said this, I said that  
When're we really gonna meet  
I was lookin' sharp  
Like the rollin' stones  
And you kept talkin' about some party

You blowin' up phone  
Like where you at?  
You wanna go, go, go  
I'm like yeah, yeah, yeah  
So I'm puttin' on  
My favorite song  
And black boots, black boots, black boots

Excuse me miss  
How did it come to this  
We were lovers undercover  
And then you started talking about love  
So we said goodbye  
Everybody says goodbye  
And I know you'll say hello again

You blowin' up phone  
Like where you at?  
You wanna go, go, go  
I'm like yeah, yeah, yeah  
So I'm puttin' on  
My favorite song  
And black boots, black boots, black boots

There's somethin' goin' down  
You know where it's at  
I need you now, now, now  
Just say yeah, yeah, yeah  
So I'm puttin' on  
My favorite song  
And black boots, black boots, black boots

I got my black boots  
Black boots  
Black boots on  
I got my black boots  
Black boots  
I got my black boots  
Black boots  
Black boots on  
I got my black boots  
Black boots

Now you're turnin' up the song

You blowin' up phone  
Like where you at?  
You wanna go, go, go  
I'm like yeah, yeah, yeah  
So I'm puttin' on  
My favorite song  
And black boots, black boots, black boots

There's somethin' goin' down  
You know where it's at  
I need you now, now, now  
Just say yeah, yeah, yeah  
So I'm puttin' on  
My favorite song  
And black boots, black boots, black boots  
Black boots, black boots, black boots

I got my black boots  
Black boots.....

I got my black boots  
Black boots  
Black boots on  
I got my black boots  
Black boots
