

# Trouble In Paradise

The Crests

Calling all angels  
Calling all angels  
Calling all angels, ooh  
Calling all angels  
Calling all angels  
Calling all angels, ooh

There's trouble in paradise  
My turtle doves changing wings  
There's trouble in paradise  
The birds no longer sing

Some devil told my angel  
A lot of lies  
And now my tears are falling  
Like raindrops from the sky

There's trouble in paradise  
The stars no longer shine  
There's trouble in paradise  
Cause she's no longer mine

That devil told my angel  
I'd been untrue  
Won't somebody help me please  
Tell me me what to do

Mr. Moon, Mr. Sun  
Tell her she's the only one  
Guide her with your lovely light  
Back into my arms tonight

There's trouble in paradise  
And heaven's not the same  
The angels sit and cry  
They say it's such a shame

They'd like our love  
To be just like before  
Then the trouble in paradise  
Will be no more

Mr. Moon, Mr. Sun  
Tell her she's the only one  
Guide her with your lovely light  
Back into my arms tonight

There's trouble in paradise  
And heaven's not the same  
The angels sit and cry  
They say it's such a shame

They'd like our love  
To be just like before  
Then the trouble in paradise  
Will be no more

Calling all angels  
Calling all angels  
Calling all angels, ooh  
Calling all angels  
Calling all angels  
Calling all angels, ooh...
