- 1. Tomorrow I can start again With back to earth and carry on The same as I did yesterday Yeah I'll pick it up once more And morning I'll be onto it From square one start And push it for a bit Like I do everyday I'll get it down for sure
- R: But tonight I climb with you
 Tonight so high with you
 Tonight I shine with you
 Tonight oh I'm so alive with you
 Tomorrow I'll begin again
- With heavy head to hold it
 As I do it all like yesterday
 Yeah I'll break it out again
 And morning I'll be there in time
 For clock back move
 And make it for awhile
 To get through everyday
 I'll roll it out the same
- R: But tonight I climb with you Tonight so high with you Tonight I shine with you Tonight I'm so alive...
- *: With you it's always here and never there With you it's always here and never where With you it's always here and never how With you it's always here and always now
