

Idiot Box

The Damned

I can turn you off
Well I just tried & left you off
Tumbling you made me art
But you sure ain't a rock'n'roll

People standing in the rain
Just to see that screen Verlaine
Supersonic I'll come back soon
'Cause all we got is unlucky moon

Billy singer don't waste my time
Just turning on to What's My Line
Preacher boy you're here this night
You should have road the golden stars

People standing in the rain
Just to see that screen Verlaine
Supersonic I'll come back soon
'Cause all we got is unlucky moon

Old friend Smith works for the box
Oh what a haggard face
Hope he gets a lot of shocks
From his Fender bass

People standing in the rain
Just to see that screen Verlaine
Supersonic I'll come back soon
'Cause all we got is unlucky moon
