

## Ask For Jill

The dB's

Five four one five oh two, what is the number?  
Sixty, west sixty, what street is the street?  
There is a girl on the fourth or fifth floor  
Buzz at reception, slightly disheveled  
Ask for Jill  
Ask for Jill

She'll run, she'll hide  
When you try to confide  
What you feel inside, what you feel inside

Now that the building Jack built is for sale  
Now that Jonah has swallowed the whale  
Don't stand still, ask for Jill

She'll run, she'll hide  
When you try to confide  
What you feel inside, what you feel inside

Cut it hot, cut it up, cut it clean, cut it slow  
When she walks in, pre-groove echo (echo)  
Ask for Jill

Hey, it's Chris... what's up? So I heard...  
Well look, let's not beat around the bush.  
Oh, really?... yeah, I'll hold.
