```
We've been surrounded
For it was genius
There is no other way
And we know we won't escape
All of our time
Spent on warm and sunny days
From you there's nowhere left
I want to run
Stay
Stay
Stay
My arms are flailing
Am I a failure?
My God the pressure's on!
And I still don't have a son
My body's sore from sleeping on the couch because you're gone
These feelings that I have tonight
Waiting for the phone to ring
My stomach hurts, it's tearing us apart
Stay
Stay
There's nowhere left to run
Stay
Stay
Stay
I get so paranoid
I've got to think of warm and sunny days
Imagining and planning out the course of both our lives
But that is as far
As I am willing to go
Planning out the rest of both our lives
Stay
Stay
There's nowhere left to run
Stay
Stay
There's nowhere left to hide
```
