

All Messed Up

The Donnas

Hey...

Well, I must've had too many Diet Cokes
'Cause I'm laughin' at all your stupid jokes
You gotta stop spinnin' my head around
You turn me inside out and upside down...

Now I'm all messed up
I don't know what to do
'Cause I'm all messed up
All messed up on you.
All messed up on you
All messed up on you.

You know, I didn't mean to get so addicted
It's just like Miss Cleo predicted
(Cleo predicted)
All I wanna do is call you on the phone
You got me higher than the ozone!

Now I'm all messed up
I don't know what to do
'Cause I'm all messed up
All messed up on you.
All messed up on you
All messed up on you.

Now I just can't get you outta my head
Why don't you just get in my bed?
When I first saw you on your big wheels
Boy you know you had me head over heels!

Now I'm all messed up
I don't know what to do
'Cause I'm all messed up
All messed up on you.
Now I'm all messed up
(All messed up on you)
I don't know what to do
(All messed up on you)
'Cause I'm all messed up
(All messed up on you)
All messed up on you.
