

# Nothing To Do

The Donnas

I can't walk and I can't talk  
And now the beer is outta stock  
Just ran out gonna get some more  
Gotta go back to the liquor store

I got double vision so I better stay in  
The coast is clear so let's start huffin  
We're sniffin everything under the sink  
And all I really wanted was another drink

Nuthin to do (nuthin to do)  
Nuthin to do tonite  
Nuthin to do (nuthin to do)  
Nuthin to do tonite  
The drinks are too few tonite  
So I guess I'll just have to do you tonite

Oh no I think it's after two  
Guess we'll just drink thera flu  
It says drink one so we chug four  
Hey what happened to the floor

I got double vision so I better stay in  
The coast is clear so let's start huffin  
We're sniffin everything under the sink  
And all I really wanted was another drink

I'm not gonna leave the couch  
I just wanna sit and slouch  
Killin time watchin cable TV  
You know I just wanna get busy

Nuthin to do (nuthin to do)  
Nuthin to do tonite
