

You Make Me Hot

The Donnas

Standin' over there, waggin' your hair,
There's something that you do.
Long and lean, rock 'n' roll machine,
I just wanna get with you.

Come on, come on. I just wanna tell you.
Come on, come on. I just wanna touch you.
Come on, come on. I'm talkin' to you.
You make me hot!

Yeah, I wanna touch you.
Yeah, I wanna grab you.
Yeah, I wanna hold you tight.
You can run but you can't hide.
I just wanna get you tonight.

Yeah, I wanna touch you.
Yeah, I wanna grab you.
Yeah, I wanna hold you tight.
You can run but you can't hide.
I just wanna get you tonight.

You make me hot!
You make me hot!
You make me hot!
