You Make Me Hot

The Donnas

Standin' over there, waggin' your hair, There's something that you do. Long and lean, rock 'n' roll machine, I just wanna get with you.

Come on, come on. I just wanna tell you. Come on, come on. I just wanna touch you. Come on, come on. I'm talkin' to you. You make me hot!

Yeah, I wanna touch you. Yeah, I wanna grab you. Yeah, I wanna hold you tight. You can run but you can't hide. I just wanna get you tonight.

Yeah, I wanna touch you. Yeah, I wanna grab you. Yeah, I wanna hold you tight. You can run but you can't hide. I just wanna get you tonight.

You make me hot! You make me hot! You make me hot!
