In the Eye of the Sun

The Doors

In the eye of the sun before the world had begun Takin' it easy
, I was havin' some fun Loafin' and a jokin' it was all energy
No such thing as you and or me No time, a pure mind. In the eye
 of the sun before the world had begun

It had been a lot of work the last time around I needed a rest,
 a chance to just lie down Always on the go, no time to kill lo
t of runnin' to and fro hard working at the mill So it blew up
and I threw up Into the eye of the sun before the world had beg
un

Well I hung around, don't know how many years No more troubles,
 no more fears Had a lot of rest with a nothin' to do But I got
 kinda bored with nothin' to do I wanted flesh and blood, skin
and bones A multidimensional, universal home I wanted space and
 time, up and down Life and death, love all around I knew there
'd be trouble, but I could pull through So I thought up the wor
ld and you did too
