

# Sleep Is For The Weak

## The Dreadnoughts

Picking up the pieces of the day  
And casting them away  
Walk into the town below  
And lay it all so low  
Waltzing with Paulina  
Waltzing with Paulina

Now all the world's asleep  
with the secrets that they keep  
climb 'till your legs are tired  
And your eyes are open wide  
Polska Ukrayina  
Polska Ukrayina, now!

Never alone, never afraid  
Slivovica under the shade  
You'll greet the sun with bottles high  
Your bodies pale against the sky

Zajebać sie, kurwa!  
Zajebać sie, kurwa!

Up into the highest peak  
Sleep is for the weak

Baltic is at your back  
You'll head towards the Black  
Where the river's rising high  
all along the countryside  
enter the hyenas  
enter the hyenas

One for the A to the K  
two for Ascension day  
three for the dusty ground  
four for the life you've found  
Polska Ukrayina  
Polska Ukrayina, now

Never alone, never afraid  
Slibovica under the shade  
You'll greet the sun with bottles high  
Your bodies pale against the sky

Zajebać sie, kurwa!  
Zajebać sie, kurwa!

Up into the highest peak  
Sleep is for the weak

Zajebać sie, kurwa!  
Zajebać sie, kurwa!
