

# Backstabber

## The Dresden Dolls

The record goes from blue to gold  
So thank you for all your help  
I know you want to jump around  
But try to contain yourself  
You always struck me as the type to take it lightly  
But now you're gonna have to shut your mouth and fight me

Backstabber

You're all alone you're all over  
The popular magazines will never care what do you care  
You're down with the Japanese  
But you've got no right to sit there saying I abuse it  
When you only sleep with girls who say they like your music

Backstabber(4x)

Backstabber! hope grabber!  
Greedy little fit haver!  
God I feel for you fool  
Shit lover! off-brusher!  
Jaded bitter joy crusher!  
Failure has made you so cruel

Rotten to the core  
Rotten to the core

Rotten like a crack whore  
Begging out the back door  
Show us what you're good for  
Post it on the noise board  
Come on join the bloodsport  
Show us some support  
Still working at the drugstore  
Is it because you're  
A FUCKING

Backstabber! hope grabber!  
Greedy little fit haver!  
God I feel for you fool  
Shit lover! off-brusher!  
Jaded bitter joy crusher!  
Failure has made you so cruel

So don't tell me what to write  
And don't tell me that I'm wrong  
And don't tell me not to reference my songs within my songs

BACKSTABBER(2x)

You backstabber! hope grabber! greedy fucking fit haver!
