

Bumble Bee

The Features

Bumble Bee

You're my little Bumble Bee
Always there to rescue me
When trouble comes around

Can't you see

What it is you mean to me
Everything is peachy keen
When you're by my side

Walking home from her house
Couldn't think of things to say
Walking home from her house
Mercury's in retrograde

Even though I couldn't find the words to say
It's understandable, hey

Bumble Bee

You're my little Bumble Bee
Always there to rescue me
When trouble comes around

Can't you see

What it is you mean to me
Everything is peachy keen
When you're by my side

Stuck inside a dream
Hope it lasts forever
As long as we're together
Going to dream my life away

Vividly I see

That stark white stork approaching
Lately he's been coaching
Our little family
