

## Tomorrow Today

The Feelies

How can you go home  
Turning back alone  
Can't go outside  
I return like a line

It's better talking  
Right from the start  
You get excited  
I fall apart  
Again

There you are  
You won't go too far  
Can't pretend  
You're never at the end

It's better talking  
Right from the start  
We get excited  
We fall apart  
Again
