

# Rock N Roll Will Break Your Heart

The Fratellis

Well I don't know who you are  
And I don't care where you've been  
Please just take this deadbeat soul  
Let him keep the hearts he stole  
And all those little lies  
They told ya in disguise  
They got you through those lonely hours  
Made you think the world was ours

I'm the man who shot the moon and cried  
Let those thieves and bastards all collide  
Take these words and burn them if you don't mind

Oh sweetheart these nights were made for me  
Still so far from where I long to be  
You said it from the start  
Rock 'n' roll will break your heart

There's a holy roller sign  
And a chance she won't be mine  
There's no teenage dreams to fill  
Break my heart I know you will  
And we'll tumble down the street  
Sleep alone in my back seat  
Oh all that jealous talk we made  
Strung out in the soul parade

I'm the man who shot the moon and cried  
Let those thieves and bastards all collide  
Take these words and burn them if you don't mind

Oh sweetheart these nights were made for me  
Still so far from where I long to be  
You said it from the start  
Rock 'n' roll will break your heart

I'm the man who shot the moon and cried  
Let those thieves and bastards all collide  
Take these words and burn them if you don't mind

Oh sweetheart these nights were made for me  
Still so far from where I long to be  
You said it from the start  
Rock 'n' roll will break your heart

Oh, oh

You said it from the start  
Rock 'n' roll will break your heart

Oh, oh

You said it from the start  
Rock 'n' roll will break your heart

Oh, oh, oh
