

## Dead Wrong

The Fray

If only I knew what I know  
I'd make it a point to say so  
To everyone that got me here  
And everyone that made it

Clear I was dead wrong all along  
You said it for my sake  
That I would not lose my way  
When I was astray ...

I'm doing the best that I could.  
Trying my best to be understood  
Maybe I'm changing slowly  
I get out, turn around if only I...

Knew I was dead wrong all along  
You said it for my sake  
that I would not lose my way  
When I was dead wrong all along

Mine is not a new story  
Mine is not a new story  
Mine is nothing new  
But it is for me

So I was dead wrong all along  
You said it for my sake  
I don't, would not, lose my way...  
When I was dead wrong all along  
You said it for my sake  
That I would not lose my way  
Did I really lose my way?  
Or are you afraid?
