Mass Pike

The Get Up Kids

I wonder when I wander home If I'll be fit to drink alone. Sleep with my memories, Pictures, apologies. For every minute yesterday, Regret reminds me anyway. If I remember anything, I'll make mistakes again. Last night on the Mass Pike, Thought I was losing you. Last night on the Mass Pike, I fell in love with you. I will declare a holiday, The night that she turned me away. I'm drowning in my miseries It solves everything. Last night on the Mass Pike, Thought I was losing you. Last night on the Mass Pike, I fell in love with you. With you. Last night on the Mass Pike, Thought I was losing you. Last night on the Mass Pike, I fell in love with you. Last night on the Mass Pike, I fell in love with you. Last night on the Mass Pike, I fell in love with you. Last night on the Mass Pike, I fell in love with you. Last night on the Mass Pike, I fell in love with you.
