

# Shatter Your Lungs

The Get Up Kids

Shout it out  
Shatter your lung  
Long fall to the floor  
Crying out, dry as a bone  
Take you somewhere  
But it's too late, it's too far  
You're faking the part

Way down on Tennyson  
They'll tell you it's true  
You come down from your medicine  
All battered and blue

Shout it out  
Shatter your lung  
Long fall to the floor  
Crying out, dry as a bone  
Take you somewhere  
But it's too late, it's too far  
You're faking the part

Way down on Tennyson  
They'll tell you it's true  
Come down from your medicine  
All battered and blue

Shout it out  
Shatter your lung  
Long fall to the floor  
Too late, it's too far
