

The Worst Idea

The Get Up Kids

I'll go with the worst idea
If everyone takes the toll
Keep following anyone
Who digs a deeper hole
Sing me a tune
Wasn't this bond built forever?
The anchor that strong
My money, it changes how we used to value most
So over the short ascent that comes at any cost
Sing me a tune
Wasn't this bond built forever?
The anchor that strong
Didn't we build this together?
The worst just go wrong
The worst just go wrong
On and on
How do you win so many enemies?
I'm open to any good news
What if the world falls in?
On the only option we knew
Sing me a tune
Wasn't this bond built forever?
The anchor that strong
Didn't we build this together?
The worst just go wrong
I'll go with the worst idea
If everyone takes the toll
My money, it changes how we used to value most
So over the short ascent that comes at any cost
Sing me a tune
Wasn't this bond built forever?
The anchor that strong
The anchor that strong
I'll go with the worst idea
If everyone takes the toll
(way too long)
I'll go with the worst idea
If everyone takes the toll
