

Maybe Someday

The Incredible String Band

Maybe someday she will come, come along, long
Maybe someday she will come along
Maybe someday she will come, come along, long
Maybe someday she will come along
Sitting here with my arms around my music
Thinking of the girl that I might spend
The whole of my days with
Maybe someday she will come, come along, long
Maybe someday she will come along
Maybe someday she will come, come along, long
Maybe someday she will come along
Until then I will do the best that I can
Any fine young girl that I might meet
'That I could use, keep my eye on
Maybe someday she will come, come along, long
Maybe someday she will come along
Maybe someday she will come, come along, long
Maybe someday she will come along
Mother tried the very best that she could do
That was no good, the one she chose
Did not like the way her teeth grew
Maybe someday she will come, come along, long
Maybe someday she will come along
Maybe someday she will come, come along, long
Maybe someday she will come along
One fine day I took a walk down by the river
Fair maid did lie and she did sigh
As I stooped down to kiss her
Maybe someday she will come, come along, long
Maybe someday she will come along
Maybe someday she will come, come along, long
Maybe someday she will come along
