

## Missing You

The Internet

Missing you  
Is nothing like I thought it'd be  
It's harder, baby  
And loving you  
Is great but sometimes we just have to move on  
Yeah

Know I keep my head held high  
I still get choked up inside  
At the thought of you

I try so hard to be strong  
But it's hard to carry on without you  
Yeah

But I'm okay  
I'm on a rise  
Nothing's gonna stop me from gettin' it  
But I'm okay  
I'm on a rise  
Nothing's gonna stop me from gettin' it
