

# Little Miss Sweetness

The Isley Brothers

Now I'm a guy who's fond of sweet things  
Sweet things I adore  
In coffee most take one or two lumps  
But I use three or four

But since I kissed your sweet, sweet lips  
Sugar ain't sweet no more  
Your kiss was sweeter than any cup of coffee  
I ever made before

You're little Miss Sweetness, you're little Miss Sweetness  
The sweetest girl in the world

If ever a man had a sweet tooth  
I have one indeed  
I order cookies and cakes and malts and shakes  
From the menus that I read

But all the cakes and shakes and malts I've bought  
Put together don't exceed  
The sweetness in just one of your kisses  
Baby, you're the one I need

You're little Miss Sweetness, you're little Miss Sweetness  
The sweetest girl in the world

Ooh yeah, now listen to me you sweet thing  
Hear what I have to say  
If ever you need somebody  
Send for me without delay

But do one thing for me  
Don't ever go out on a rainy day  
'Cause if it's true that rain melts sugar  
You will surely melt away

You're little Miss Sweetness, you're little Miss Sweetness  
The sweetest girl in the world, oh yeah  
The sweetest girl in the world, oh sweetest girl
