Voyage to Atlantis

The Isley Brothers

Can I go on my way without you Whoa...how can I know If I go on my way without you Whoa...where would I go

Set sail with me Misty lady, set my spirit free New love to find And though I leave another behind

I'll always (Come back to you)

She's my lady, now and ever Whoa...how can I know Can we go all the way together Whoa...let it be so

So we'll say our last goodbye And we'll make it this time Hey...ho...set sail with me To a paradise out beyond the sea

Atlantis (Is back to you) I'll always (Come back to you) Atlantis (Is back to you) I'll always (Come back to you)

Atlantis (Is back to you) I'll always (Come back to you) Atlantis (Is back to you) I'll always (Come back to you)

Atlantis (Is back to you) I'll always (Come back to you) I'll always (Come back to you) I'll always (Come back to you)
