

Night time

The J. Geils Band

Get up in the morning kick the covers from my bed
The sunlight in my eyes is playing tricks with my head
I work like a dog on the job every day
I'm tryin make some money so I can go and play

In the night time
That's the right time
In the night time
That's the right time
I wanna be with you in the night time

I come home from work you know I'm tired and I'm beat
I run in the kitchen get me something to eat
I jump in the shower wash the world off my back
I'm gonna get you baby that's a natural fact!

In the night time
That's the right time
In the night time
That's the right time
I wanna be with you in the night time

Break - Guitar and Harmonica -

A hundred million people they got nothing to say
They're running around in circles they just live for today
Stick with me baby I'll show you how to fly
We'll make such pretty music watch the world go by

In the night time
That's the right time
In the night time
That's the right time
I wanna be with you in the night time

Break - Guitar and Harmonica -

Get up in the morning kick the covers from my bed
The sunlight in my eyes is playing tricks with my head
I work like a dog on the job every day
I'm tryin make some money so I can go and play

In the night time
That's the right time
In the night time
That's the right time
Here we go
I wanna be with you in the night time
In the night time
In the night time
That's the right time
Back in the night time
Mmmmm that's the right time
Yes that's the right time
That's a nice time
That's my time
Mmmmm night time
