Born to Love You

Girl, as you walk by I see the sign so deep inside. I knew it had to be When you smiled for a little while. I heard the same rhapsody So lovely and so fair. I knew right then and there That you were made for me. And it wasn't hard to see Guess I was born to love you. Guess I was born to love you.

Darling I, I was born to love you Give my love to no one but you. This is a man with the future in his hands Don't let go, don't let go, Baby, don't let go.

You better come on And take my hand Cuz I can't understand This feeling in my soul But I know that I would rather die Than to let this feeling go Oh, now, girl, can you see That this was meant to be? It's funny but it's true Guess I was born to love you. Guess I was born to love you.
