

# If You Want Heaven

The Jackson 5

Girl, wishing won't get you to heaven  
If you were meant to be happy for me  
Stop treating me like you do, ooh, angel  
Ooh, never love lost may forgiven  
Where you be sitting in Sunday school  
Show us that old golden rule  
You better be good, girl

If you want heaven  
You gotta make heaven all by yourself  
(Reach out)  
If you want heaven  
You gotta make heaven for somebody else  
(Reach out)  
Can't go around thinking just of yourself  
Love will pass you by if you do

Hey, girl!  
You've causing your heart lots of trouble  
Caught in your own little bubble of love  
(Reach out)  
Wondering why you get blue, ooh baby  
So, quiet and shy, yeah, that's you girl  
Sweet as a cake all the way through (reach out)  
You can't have your cake and love too  
You know you've gotta reach out

If you want heaven  
You gotta make heaven all by yourself  
(Reach out)  
If you want heaven  
You gotta make heaven for somebody else  
(Reach out)  
Can't go around thinking just of yourself  
Love will pass you by if you do

(Oh, reach out, reach out)

Ooh, if you want heaven (oh, reach out)  
Ooh, if you want heaven (oh, reach out)

If you want heaven  
You gotta make heaven all by yourself  
(Reach out), oh yes you do now  
If you want heaven  
You gotta make heaven for somebody else  
(Reach out)  
If you want heaven  
You gotta make heaven all by yourself  
(Reach out), oh, yes you do now

(Reach out)  
If you want heaven, yeah, yeah, yeah  
If you want heaven  
(Reach out)
