

Innocent Man

The Jam

Nothing seems too clear to him anymore
Oh funny how he's the one who's always so confused
People point the finger they all look at him
Well can't somebody tell him what he's done wrong

Well what has he done to you or someone
Nobody speaks or should he know
Things are all a blank nothing clear to him anymore
Can't think straight can't sort himself out

Innocent, that man
You know he is innocent
Don't lie
You know you have
Innocent, he'll die
If the truth is missed out

The time has come
For that man to be hung
I hope you're convinced
That he was the one

It's alright for you just another case
And you don't give a damn just another face
Well what about his friends, his family, and his wife
You don't have the right to take that man's life

An innocent man
Condemned by you
Instead of him it should be you

Innocent, that man
You know he is innocent
Don't lie
You know you have
Innocent, he'll die
If the truth is missed out
