Slow Down

Well, come on pretty baby, won't you walk with me Come on pretty baby, won't you talk with me Come on baby, give me one more chance Try to save me and our romance slow down

Baby, I'm not movin' away too fast You better give me a little love Give a little love Baby what I love the best

So I used to walk you home Baby after school carry your books home too And now you got a boyfriend down the street Baby what you tryin' to do? You better slow down

Babe, I'm not movin' away too fast You better give a little love Give a little love Baby what I love the best

So your a little lover, tell the way I do Come on pretty baby, walk two by two I'll let you love me, your so fine child The best woman I've ever had slow down

Babe, I'm not movin' away too fast You better give a little love Give a little love Baby what I love the best

Slow down, slow down Slow down, slow down baby Slow down, slow down
