

## Cherry Pie

The Jayhawks

I rode the rock 'n' rockets, running into Deadwood Town  
Didn't have much money to lay my head down  
Her momma came walking down the street  
Carrying the words on a string

So I sat myself right down, ordered some sweet cherry pie  
I had a mighty fine time in Deadwood  
Tasting sweet cherry pie

Yeah  
Used to pull the young, must be the Waterloo  
All I have to say is, "Honey, I won't sly to you"  
I got a job hit the gold mine from nine to five

Yeah  
There's two bits in the gas tank, I'm smoking big cigars  
Didn't have too much money so I started stealing cars  
Sheriff came walking down the street  
Looks like a hard time in the can
