

## Fall

### The Jesus and Mary Chain

Fall to my bended knees  
Shoving up till I freeze  
Falling on down to you  
Down down down  
So choked up in the dust  
Hand held holy lust  
Dragging me to her cross  
Fall fall fall  
So I dragged you down  
C'mon drag me down  
So it seems to be  
So it seems to me  
That I just can't fail to see  
Falling on down to you  
Down down down  
Everybody's falling on me  
And I'm as dead as a Christmas tree
