

# A Star Is Born

The John Butler Trio

A star is born  
like so many before  
but he shines bright  
he lightens up all my life  
How proud I am  
he made me a real man  
I curse the days  
I have to go away from you child

Curse the days  
Curse the days

I hold his hand  
somehow he understands  
And all day long  
we climb and slide  
and sing his songs  
I know I am  
I'm drifting from my plan  
I curse the days  
I have to go away from you boy

Curse the days  
Curse the days

A star is born.
