Feeling Lazy

The Lightning Seeds

Mr Johnson's car gets the weekend shine And it's so fine Music plays on radios And Lisa in the garden singing to the washing line Well never mind People do the strangest things Our English sky may well cry Housewives talk But I'm so bored Oh did you love that lazy feeling [do you love that lazy feeling] So do you feel like sleeping [Let the world go by] Mr Bentley yawns, he hates the daily grind So it's goodnight, a thousand sleepy heads on pillows Monday start all over Tuesday safe behind your blinds Come on over We can spend an hour or two Our English sky may well cry Housewives talk But I'm so bored We spent a perfect day and talked the hours away Just drifting through the streets and melting in the heart Oh do you love that lazy feeling [do you love that lazy feeling] So do you feel like sleeping [Let the world go by] [Do you feel like sleeping] [Do you feel like sleeping]
