

Bloody Mary

The Living End

Well, there's no time to stop her now
Mary's gonna get her way somehow

Still just a game
But I ask her and remind
Still just a game
But I ask her and remind that
Mary...
Mary...

23 seconds on the floor
Is all she needs
And not a minute more

Tonight, night, night

Well, there's no time to stop her now
Mary's gonna get her way somehow
Somehow

Still just a game
But I ask her and remind
Still just a game
But I ask her and remind that
Mary...
Mary...

You'll die tonight
Night, night
Night, night
Night
