My turtleneck fat and my chain so thin,  
N' I'm sippin' light beer, n my crew right here  
Chain razor thin like beer in my cup,  
And my sweater on turtle with the neck on puff  
Huge turtle neck and my chain so skinny  
Beer light all night, stand up get dizzy  
Light cup, beer drink, thin so chain,  
Neck turtle fat, man I won't say it again

Turtle neck thicker than Delta Burke  
Swimming in a Guinness (now bear with me)  
But they can't see my chain,  
Metal so thin it dissolve when it rains  
Got more chains than the snow patrol  
Everyone razor thin like an insect stripper pole

Chain so light when police roll by, I made it flow (I made it flow)  
And my beer so light you could see right through it, like a ghost  
And I also wear turtle necks  
Sweaters swallowing my chain like it's stuck in the couch  
Looking like cookie monster flossin' his mouth  
Find me coolin' on the corner sippn' light beer foam  
You can tell by my turtle neck and chain that I bone  
Turtle neck, light beer n' a thin ass chain, n' that's it  
Turtle neck, light beer n' a thin ass chain, n' that's it

The rabbit kicked the bucket, dog said fuck it,  
Get my two step on, with my turtle neck on  
Thin ass chain, light beer in my glass  
Mackin' at the bitches, the ones with the ass  
Girl you know it's true, tell me what it do  
Oh you like my style, say you like my crew  
Say you wanna' be under my chest, this turtle neck is like one of my best  
Say you wanna' be under my chest, this turtle neck is like one of my best  
So I guess your dress, no stress, stayin' fresh as my bandanna  
Ima crook, so my look, Ima game go getta

The fatter the puppy, get the fluffy, get the bigger the turtleneck,
