

Time Is on My Side

The Moody Blues

Time is on my side,
Yes it is, yeah,
Time, yeah, is on my side,
Oh-oh.
Now you always say
That you wanna be free.
(You got nothing)
It's like I said you would be.
(You got nothing)
I ain't gonna cry no more.
(You got nothing)
Yeah, yeah, yeah, yeah.

Time is on my side,
Yes it is, yeah,
Time, yeah, is on my side,
You gotta believe me.

I know that you're
Searching for th' time
But just wait and see.
(You got nothing)
I don't wanna hear no more crying.
(You got nothing)
I don't wanna suffer no more sighing.
(You got nothing)
Yeah, yeah, yeah, yeah.

Well, go right ahead, baby,
Go on ahead and light up the town
And do everything that your heart desires, baby,
Yeah but, just remember,
Just like, just like I told you so many times before,
I know that you're gonna come running back.
Yes baby, you're gonna come running back
and knocking so hard on my door, baby.

Time is on my side
Yes it is, baby,
Time is on my side,
Gotta believe me.

Now I got some real love,
It's the kind you need.
(You got nothing)
No, baby.
(You got nothing)
I ain't gonna start no more crying.
(You got nothing)
Oh somebody help me, yeah.
Yeah, yeah, yeah, yeah.

Time, time, time is on my side,
Yes it is, baby
Time, time, time is on my side,
Yeah.
Time, time, time is on my side,

You gotta believe me.
