Top Rank Suite

The Moody Blues

Rain on the river Turns the torrent to a flood Swim or you'll never rise above Two lonely people Can mend a broken heart Love and you'll never fall apart

But can you tell me why?

They made a good bowl of chili at the jazz club They played a good game of football in Mucron They got everyone off at the Top Rank babe If you could ever get into their suite Avenue Tombola and Social We just drove right on by We was on our way to the big time, baby To the great gold record in the sky

Sun in the morning Brings the flowers from a bud Hail to the giver Of life and love Two lonely people Can mend a broken heart Love you'll never fall apart

But can you tell me why?
