

# Come What May

## The Music

Who you are  
All your dreams come true  
Who you are  
Will you ever understand  
All my life  
I tried to be there  
Now I'm sure  
That this is the end

Stay, come what may  
Yeah, come what may

Who you are  
All your dreams come true  
Who you are  
Will you ever walk the sea  
All my life  
I tried to be them  
Now I know  
That this is the end

Stay, come what may  
Yeah, come what may

I've been holding you in my mind  
Scared, of facing you  
And now I'm working my life away  
Lonely for you

Stay, come what may  
Yeah, come what may
