

# Stand a Little Rain

The Nitty Gritty Dirt Band

Dark cloud is coming  
Headed straight for your heart  
Might get just a little bit crazy, baby  
Might try to tear us apart

When the storm blows over  
Only the strong love remains  
If we're ever gonna see a rainbow  
We have to stand a little rain

Everybody wants love to be easy  
But it's never been that way  
Each love starts out with blue skies  
Sometimes those blue skies turn gray

When the storm blows over  
Only the true love remains  
If we're ever gonna see a rainbow  
We have to stand a little rain

The thunder rolls  
And the lightning strikes  
Hold on, darling  
It's gonna be alright

'Cause when the storm blows over  
I swear my love will remain  
If we're ever gonna see a rainbow  
We have to stand a little rain

If we're ever gonna see a rainbow  
We have to stand a little rain
