

## Night One (from Planchette)

The Panic Channel

We want to reach you  
Uncle Elijah  
We wish to welcome you  
Back home  
We of the open mind beseech you, appear  
Through this board make yourself known

Pointer says  
Yes  
Ask me what you will  
Elijah has returned  
Refusing to be still

(Ask about the money, ask about the money)  
Charlie please be patient, first things first  
(Ask about the money, ask about the money)  
What's patience worth?  
Elijah please indulge our  
Curiosity  
We want to know  
Why you chose  
Suicide

Pointer says  
Lies  
Don't believe the lie  
Fortune bought the greed  
The seeds of desire  
Grew into deceit  
Want obsessed the one  
That murdered me  
Murdered me

Did you hide the money?  
Where'd you hide the money?  
Did you hide the money?  
Where'd you hide the money?

Pointer says  
The truth  
I'm gonna tell you how to find it  
I'll tell you where to look  
I'll tell you in good time  
We will speak again  
Come out to my grave  
Tomorrow night

Wait  
How do we know it's you?  
Give us a sign  
Give us a sign  
Before we go to the graveyard  
Give us a sign  
Please  
Please

Pointer says

Go  
Out to the oak tree  
Find Pandora's box  
It's buried underneath  
This is not the end  
Oh  
All will be revealed  
Goodbye  
Goodbye  
Goodbye  
Goodbye
