Everybody Wants Me

The Pigeon Detectives

I remember when we were young
Things were easy, we had such fun
And I know what we talked about
But let's hope that they dont find out

Cos everybody wants me Everybody wants me Everybody wants me now

Cos everybody wants me Everybody wants me Everybody wants me now

But I just want you I just want you I just want you I just want you

Take your mind back to rainy days We stayed inside and played those games But you know what we talked about Cos you prayed they would not find out

Cos everybody wants me Everybody wants me Everybody wants me now

Cos everybody wants me Everybody wants me Everybody wants me now

But I just want you I just want you I just want you I just want you

If you really cared for me
Then you would take me with you
If you really cared for me
Then you would take me with you

If you really cared for me If you really cared for me

I remember when we were young Things were easy, we had such fun And I know what we talked about lets hope that they dont find out

Because everybody wants me Everybody wants me Everybody wants me now

Cos everybody wants me Everybody wants me Everybody wants me now But I just want you

I just want you

I just want you

I just want you
