

This is not what you,  
This is not what you,  
This is not what you,

Throw the day with me,  
It is alright here, it is alright here,  
Walk on and wish with me,  
It's alright here, it is alright

And I will long to be you,  
Too long, too long to wait for,  
Pieces don't fit,  
Aren't fit to be you,  
It's gone, you're gone, you're gone

This is not what you,  
This is not what you,  
This is not what you,  
This is not what you,  
This is not what you,  
This is not what you,  
This is not what you,

Find another way, from me,  
It's all out there,  
There's nothing out there

And I will long to be you,  
Too long, too long to wait for,  
Pieces don't fit,  
Aren't fit to reach you,  
It's gone, you're gone, you're gone

This is not what you...
