

Its taking a while, he said,  
Keep shouting at the wall,  
Never get out, he said,  
Unless you take the fall,  
Taking too long, I said,  
I cannot climb this wall,  
Its taking too long, I said,  
Watch me as I fall.

Feel around the smoke forever,  
Scratching at the air,  
And the gods demand, but I can never,  
Puncture the despair, the despair

An advert for the world, they gave,  
In easy bit size pieces, pieces,  
I cannot change the world, they said,  
So we'll cut you into pieces, pieces

Feel around the smoke forever,  
Scratching at the air,  
And the gods demand, but I can never,  
Puncture the despair, the despair

Feel around the smoke forever,  
Scratching at the air,  
And the gods demand, but I can never,  
Puncture the despair, the despair

Feel around the smoke forever,  
Scratching at the air,  
And the gods demand, but I can never,  
Puncture the despair, the despair
