

Whatever You Do - Do Nothing

The Pineapple Thief

it's slipping away
you're catching the day
you cannot regret
what can you expect

it's slipping away

whatever you do it's not enough
time trips you out and calls your bluff

(this time)

what have you become
it's over and done
you cannot appeal
the ending is real

whatever you do it's not enough
time trips you out and calls your bluff
whatever you do it's not enough
time trips you out and calls your bluff

(this time)

whatever you do it's not enough
time trips you out and calls your bluff
whatever you do it's not enough
time trips you out and calls your bluff
whatever you do it's not enough
time trips you out and calls your bluff
whatever you do it's not enough
time trips you out and calls your bluff
