It Was Always So Easy

The Proclaimers

I drove through the park and I searched all the bars Where I made out with love too many times

It was always so easy to find and unhappy woman Till I started looking for mine
Some beer drinking devil is holding my angel
And I know what he'll do if he's my kind
It was always so easy to find an unhappy woman Till I started looking for mine

The note on the door said I warned you before What I'd do if you cheated one more time

It was always so easy to find and unhappy woman Till I started looking for mine Some beer drinking devil is holding my angel And I know what he'll do if he's my kind It was always so easy to find an unhappy woman Till I started looking for mine
